

# Hormone health

- SEXUAL DRIVE
- INCREASES SPERM COUNT
- INCREASES OVUM STRENGTH

# Damiana

Leaves contains arbutin, chlorophyll, damianian, volatile oils, resin, tannins, bitter principle damianin. It has diuretic and aphrodisiac properties.

It is being used as a natural remedy to revitalize sexual debility in both sexes as well as the reproductive systems. It also treats frigidity in women and impotence in men.

It may be helpful in conditions of infertility. It is a hormone balancer that increases the sperm count in men and strengthens the ovum in females. It is also used for renal and cystic disorders; relieving urinary incontinence and irritation, and alleviating bladder infections.

Damiana Leaves nourishes and regenerates nerve cells, promotes clear thinking, lifts the spirit and generates strength.

Damiana interferes with iron absorption.
