

Echinacea-Oshá

Helps fight off infection

- TRADITIONALLY USED TO RELIEVE SORE THROAT

Extracts of Echinacea root, Oshá root, Pleurisy root, Licorice root with grain alcohol and distilled water. All certified organic or wild crafted.

This formula is antibacterial, antiviral and mucolytic. It is a good remedy for upper respiratory infections and at the start of colds, flus and fever.

Echinacea (*Echinacea angustifolia*): Provides a strength boost to the immune system.

Pleurisy Root (*Asclepias tuberosa*): It possesses a specific action on the lungs, assisting expectoration, subduing inflammation and exerting a general mild tonic effect on the system, making it valuable in all chest complaints.

Licorice (*Glycyrrhiza glabra*): Clears overly sticky mucous, acts as a mucolytic.

Oshá (*Ligusticum porteri*): Helps clear up accumulated mucus in the bronchioles. It also soothes pain caused by sore throats.

All botanicals are wild harvested, as well as pesticide and herbicide free. Organic Freedom extracts superior botanicals in small batches.

Ingredients:

Extracts of *Echinacea angustifolia* and *Echinacea purpurea* (50% + 50%) roots, oshá root, pleurisy root, licorice root with grain alcohol and distilled water.

Suggested use:

Shake well. Adults: 1/5-1/2 tsp up to 5 times daily.

Warning: Do not use during pregnancy unless recommended by your health care practitioner.

Keep out of reach of children.
