## Immune support

- ADAPTOGENIC
- INCREASED ENERGY
- MENTAL HEALTH

**New** Roots Herbal's Immx Immune formula is designed to promote a strong and healthy immune system. This unique formula is a combination of potent immune herbs in a well-balanced formula.

**What does Immx Immune contain?**

*Echinacea angustifolia* root is loaded with immune enhancing compounds. Echinacea helps to destroy bacteria, viruses and other microorganisms.

Astragalus root is a tonifying herb used to build resistance to disease and to increase energy.

Yerba mate is used to boost both physical and mental energy levels, helping to keep the immune system strong.

Licorice root is a powerful immune enhancing herb that possesses antiviral, anti-allergy and antibiotic properties.

Suma root is an energy tonic used for a variety of illnesses. Amongst herbalists, it has a reputation even for benefiting patients with cancer and chronic fatigue syndrome.

Cat's claw extract is a wonderful immune tonic herb that originates from South America. It has strong antiviral, antitumor, antimicrobial, anti-inflammatory, antioxidant and detoxifying properties.

Ginger root is an antibiotic herb that has many health promoting properties. It is of special benefit to the digestive and cardiovascular systems. It reduces pain and inflammation.

Siberian ginseng is a tonifying herb that has been clinically proven to lower rates of disease.

Sarsaparilla root's tonifying properties benefit the whole body. It is best known for its ability to reduce inflammations, stop toxins from getting into the blood, lower fevers and prevent disease. It also has some antibiotic properties.
