**PURGE PARASITIS KIT
OFFERS A NATURAL WAY
TO ELIMINATE PARASITES.**

PURGE PARASITIS KIT is a 33-day program that helps eliminate harmful parasites from your body. Using natural antibiotic and antiseptic substances, this powerful program will kill most harmful parasites in your body. Unlike rough chemicals that do as much harm to your body as they do to the parasites, the products in **PURGE PARASITIS KIT** are all-natural with no major side effects.

The risk of parasites.

People with a weak immune system are particularly vulnerable to parasites. The risk of having parasites can be increased through foreign travel, daycare centers, contaminated water, pets, exotic food, undercooked meat and fish as well as improperly washed meat, fruit, vegetables and grain, overuse of antibiotics and immunosuppressive drugs, non-protected sex, and contact with toxins and chemical pollutants.

PARASITE WARNING SIGNS INCLUDE CONSTIPATION, DIARRHEA, GAS AND BLOATING, SKIN PROBLEMS, ALLERGIES, INSOMNIA, SORE JOINTS AND MUSCLES, CHRONIC FATIGUE AND IMMUNE SYSTEM PROBLEMS.

PURGE PARASITIS KIT for safe parasite elimination

Our twelve traditional anti-parasitic herbs – including Wormwood, Garlic, Cloves, Grapefruit Seed Extract and Barberry Bark to name a few – are powerful and can rid you of most or all of the different parasites you may have. These herbs also have no major side effects and don't interact with drugs.

12 great reasons to try the PURGE PARASITIS KIT:

Say no to Drugs

The problem with synthetic drugs is that each drug kills only one or two types of parasites and has side effects. If you are infected with numerous types of parasites, it's not possible to treat all of them because of the harm caused by taking so many different drugs at the same time.

Get with the Program

How long should you follow a herbal anti-parasite program? Most people see positive results with one or two 33-day programs. A good preventive measure is to undertake a 33-day PURGE PARASITIS program once per year. If you regularly take trips out of the country or are planning a vacation, protect yourself by taking one capsule of PURGE PARASITIS before each meal with one capsule of ACIDOPHILUS ULTRA while travelling.

Black Walnut Hulls and Leaves

Cleanses the body of tapeworms and parasites.

Wormwood

Promotes bowel movement, reduces liver congestion, relieves headaches, stimulates immunity, inhibits poison and clears toxins. It also expels parasites and benefits the skin.

Garlic

A natural antibiotic, garlic protects from infection, detoxifies the body, strengthens blood vessels, and lowers blood pressure. Garlic is good for all diseases, infections, fungi and bacteria.

Cloves

Good for nausea and vomiting due to food poisoning, infections, fever, or migraines. Cloves are antiseptic, anodyne (soothes and comforts), antispasmodic, and carminative (expels gas to relieve colic and griping). Cloves also acts as a stimulant, and kills parasites.

Barberry Bark

Reduces liver congestion. Promotes urination, and resolves toxicosis. Reduces infection and inflammation.

Grapefruit Seed Extract

The botanical extract in this product is used by doctors nationwide to offer additional support to individuals being treated for systemic infections and intestinal parasites. It has been proven effective against 30 harmful micro-organisms including Candida Albicans, Aspergillus Parasiticus, Salmonella Cholerasuis. Contains extracts from the seeds of grapefruits, lemons and tangerines.

Golden Seal Root

A bitter, cure-all type of herb that strengthens the immune system, acts as an antibiotic, has antibacterial properties, and cleanses the body. It promotes the functioning capacity of the liver, the spleen, the pancreas, and the colon.

Ginger

It is a spicy herb used for colitis, diverticulosis, gas, indigestion, nausea, and menstrual cramps. It cleanses the colon, stimulates circulation, and reduces spasms and cramps.

Aloe

This herb promotes bowel movement, stimulates digestion and relieves fullness. It also clears parasites, promotes tissue repair and reduces inflammation.

Quassia

This herb is known for its ability to expel intestinal worms.

Oregon-grape Root

Reduces liver congestion, infection and inflammation.

Mandrake Root

A very powerful glandular stimulant. It is one of the few herbs known to remove worms from the urinary system. It also helps remove lead and is used for treatment of chronic liver diseases, skin problems, bile flow, digestion and intestinal obstructions. It helps strengthen the liver and bowels.

Sage

Removes congestion, reduces infection and fever, and enhances immunity.

During the entire 33 days, it is also necessary for you to take FIBRE ULTRA RICH PLANTAGO and ACIDOPHILUS ULTRA (sold separately).

FIBRE ULTRA RICH PLANTAGO powder is available in 340 g format, and should be taken once or twice daily for 33 days. This formula provides high fiber bulk (from a special Psyllium compound) for cleansing and moving the dead and half-dead parasites and their toxic waste products through your bowels quickly for elimination. FIBRE ULTRA RICH PLANTAGO also contains Hibiscus, Licorice and Cloves. This fibre traps dead and dying parasites and their toxins, then transports them out of the body quickly.

ACIDOPHILUS ULTRA is available in 120 capsule format. Take 3 ACIDOPHILUS ULTRA capsules once daily, in the morning. ACIDOPHILUS ULTRA cleans the intestines and replenishes the gastrointestinal tract with beneficial bifido probiotics to help prevent any reoccurring parasite infection.
