

Relief from arthritis, allergies, injuries and upper respiratory problems

- ALLEVIATES PAIN AND INFLAMMATION
- EXCELLENT FOR CARPEL TUNNEL SYNDROME,
RESPIRATORY PROBLEMS AND ALLERGIES
- ENHANCES CARDIOVASCULAR HEALTH

Serratiopeptidase is a proteolytic enzyme that is isolated from the bacterial organism *Serratia 15E*, which inhabits the gut wall of the silk worm. Its natural purpose is to help the silkworm break free from its cocoon. It has been found useful to humans for the breakdown of non-living tissue. The enzyme causes proteolysis of all non-vital tissues including blood clots, cysts, tissue plaques and cellular debris and reduces the inflammatory response. Unlike other anti-inflammatory drugs like steroids and NSAID's, serratiopeptidase does not inhibit prostaglandins and is safe in the gastrointestinal system.

Serratiopeptidase reduces inflammation by thinning the fluids formed from injury, thus facilitating the fluid's removal from the site. This action helps speed up the healing process. It helps alleviate pain by inhibiting the release of pain-inducing amines called bradykinin. It enhances cardiovascular health by breaking down the protein by-products of blood coagulation, fibrin. Allowing maximum blood flow and easing the work required to remove dead tissue allows for faster healing, which is a more proactive and long-term approach to inflammation. Serratiopeptidase is combined with additional enzymes to complement the action of serratiopeptidase, thus allowing a broader spectrum of activity.

Serratiopeptidase: a natural anti-inflammatory

Serratiopeptidase has been in use for years with a proven safety record. New Roots Herbal's Serratiopeptidase is enteric coated to ensure arrival of capsule contents to the intestines for maximum absorption.

We've added MSM, glucosamine and sterols to enhance the formula's benefits.

Each enteric-coated vegetable capsule contains:

Serratiopeptidase	75,000 a.u.
Plus:	
MSM (methylsulfonylmethane)	300 mg
Glucosamine sulfate (sodium-free)	150 mg
A.O.S. (arabino-oligosaccharides from larch)	200 mg
Phytosterols54 mg
Beta-sitosterols	35 mg
Stigmasterols	7.1 mg
Campesterols	6 mg
Mixed delta-stenols	5.9 mg
Papain	500,000 p.u.

Non-medicinal ingredients: Vegetable magnesium stearate and silicon dioxide, in a NON-GMO vegetable capsule composed of vegetable cellulose and purified water, with aqueous coating solution.

Contains no: Preservative, artificial flavour or colour, sugar, corn, starch, yeast, wheat or milk.

Suggested use:

Take 1-2 capsules daily on an empty stomach or as directed by your health care practitioner.

Keep out of reach of children.

*Manufactured under strict GMP (Good Manufacturing Practices)
